About the Villa

Perched above St. Jean Bay, Villa Aranea blends modern elegance with a deep connection to nature.

Sleek architecture, open living spaces, and sweeping ocean views define this luxurious five-bedroom retreat. The vast terrace centers around a 22-meter heated infinity pool, surrounded by palm trees and tropical gardens that create a feeling of calm seclusion.

Each bedroom suite enjoys private access to the outdoors, while the villa's dual kitchens, alfresco dining area, and fitness and massage room make it ideal for both relaxation and entertaining.
