Villa Kendall, Mykonos

The Villa

Set in the area of Agios Ioannis in Mykonos, gazing out at the island of Delos and the gorgeous sunsets over the bay, Villa Kendall is a magnificent vacation residence, and a perfect choice for families or groups of friends who want to experience the best of what the island has to offer.

A beautiful structure of stunning handcrafted stonework and white Cycladic cubism, this 350 m^2 villa can welcome 12 guests in 6 double bedrooms (and 6 bathrooms) all of which open to amazing vistas, while its location provides easy access to the beautiful sandy beach of *Agios Ioannis.*

The well-appointed exteriors feature a beautiful infinity pool with sunbeds and a stylish daybed. An impressive lounge area can fit everybody comfortably under the shade, while multiple little corners with inviting pillows and hammocks allow for some private moments to unwind. The guests of Villa Kendall may enjoy both relaxing and fun moments outside and take in these majestic views as day turns to night over the Aegean Sea. Along with a lovely Mediterranean garden, there is a built in barbeque, private parking space, and even a charming chapel on site.

Huge windows connect the outside with the chic contemporary interior spaces. White walls, whitewashed timber ceilings, a sparkling white kitchen and white furniture, juxtaposed with the natural feel of wood, create a bright and airy atmosphere. An elegant décor of modern comfort prevails in the living area, while country chic takes the reins in the bedrooms with sophistication and hints of old world romance. With details of stone, cement, milk pails, and high-end fittings, the bathrooms are simply exquisite.
